Importance: High

Kenneth,

Attached is the letter of final TCEQ comments to the Lane Plating Works Sampling and Analysis Plan for Remedial Investigation, Draft Final, dated March 15, 2019. This includes final TCEQ Superfund, eco, and Toxicology comments. Eco and Toxicology comments are included as attachments to the letter. Please note that the only responses to the final report requested at this time are in Comment No. 3 (Toxicology Section Memorandum, Screening Criteria for Sediment (Tables D-3A and D-3B) Comment). You can find this in the Toxicology Memorandum attachment dated March 26, 2019.

A hard copy of this letter will be mailed out, but I am providing an electronic copy for your immediate reference.

Thanks and don't hesitate to call me with any questions,

Rebecca Storms, P.G.
